**Professional submersible dirty-water pump for heavy duty
Extrema 600/14 CX**

quantity / pallet:

quantity / truck:

Description:

As a specially designed pump for heavy duty, the EXTREMA 600/14 CX distinguishes itself as a product with exceptional durability for continuous use and an extremely high capacity. Due to its design with the large-scale vertical 2 inch pressure port, the stainless steel motor housing and the extremely rugged cast-hydraulic unit, this pump for the toughest applications in construction and wastewater pits ready and delivers liquids with dirt particles up to 50 mm. The pump has a particularly high-technology: motor with thermal overload protection, self-lubricating precision ball bearings, mechanical seal and VORTEX impeller made of solid cast. Suitable for transport of liquids with higher temperature - in normal operation up to 50 ° C, and short term even up to 95 ° C. The pump comes with an automatic float switch.

Technical Data:

Nominal performance: 2.200 Watt
 Delivery height / pressure max.: 14 m / 1,4 bar
 Flow rate max.: 600 l/min / 36,000 l/h
 Pump housing: cast iron/stainless steel
 Grain size max.: 50 mm
 Submersion depth max.: 7 m
 Power cord: 10 m / H07RN-F
 Max. fluid temp.: 50 °C (short term 95 °C)
 Pressure port: 57.29 mm (2" IG)
